<b>Electronic Monitoring (8:05am)</b>	<b>Andy Stout – Electronic Monitoring.</b> Andy came in for his monthly meeting with the Commissioners. He presented a year to date report and reviewed numbers with the Commissioners. His numbers are up and he feels it has to do with No-Bars grant ending. He is not sure if they will get another grant or not. If they do it won't be until possibly September. Andy stated currently if you are on bond release no one is monitoring these people. Judge Ray is trying to get a pre-trial officer in place to monitor these individuals along with Carol Wattley from Adult Probation. One of the suggestions was to combine this position with electronic monitoring. They felt this should be a full-time position. Commissioner Reiter shared recent discussions about after-hour appointments with electronic monitoring in the courthouse when it is closed. They have recently asked Sheriff Hilton about helping to find space at the County Communication Center for the electronic monitoring. He felt he could probably help with identifying a location in	Andy Stout – EMO Coordinator		

	<p>the bldg. The Commissioners and Andy both agreed that this may be a good time to do that too. Andy stated his part-time staff is retiring at the end of the year and he felt in order to make this a full-time position he was ready to step away too. This is something the Commissioners would like to discussion at a future lunch meeting with the Court House Judges. Administrator Garcia was also asked to touch base with Judge Ray and Ms. Wattlely on their suggestions.</p>			
<p><b>Review of External board / Meetings Attended by Commissioners</b></p>	<p>Commissioner Miller attended Clydescope meeting last Thursday. They talked about the fire training simulator Whirlpool donated to the fire department. It is a nice device to use for training. They are trying to put together some support for downtown businesses. Mr. Brown, Clydescope Director, is looking at programs around the area that he could possible mimic. Golf outing was a success. Clydescope showcase is already being planned for next year.</p>	<p>Scott Miller</p>		
	<p>Commissioners Miller and Reiter attended the Land Bank meeting on Thursday. They talked about the property sales and the advertising and listing on Century 21. Their regular online real estate reports sent to the Board to demonstrates the interest in the Land Bank parcels that are for sale. The Board has received 2 business plans for the E. State Street commercial property that is for sale. The Land Bank's Financial Report is very good. The Board also presented a check to Commissioners Miller and Reiter for a partial payment of the original funding advance from the Commissioner's office.</p>	<p>Scott Miller, Kay E Reiter</p>		
	<p>Commissioner Zimmerman was not able to attend the Regional Airport meeting on Monday. He was able to deliver the MOU to the board Treasurer, Kendall Reaman. They had a discussion about the Airport applying for a grant for this work. They felt the FAA has grants they could apply for to repair the aprons without having to get an advance. Commissioner Zimmerman believes they are looking in to this. Administrator Garcia also shared that she found a letter from 2011 regarding the purchase of the buildings at the Airport. She is going to look for the original agreement that went with the proposal to see if it was signed.</p>	<p>Russ Zimmerman, Theresa Garcia</p>		
<p><b>Commissioners and Administrators Discussion</b></p>	<p>Commissioners and the Administrator discussed the program for the 175<sup>th</sup> Anniversary ceremony Thursday.</p>	<p>Scott Miller, Russ Zimmerman, Kay E Reiter Theresa Garcia</p>		

	The Commissioners reviewed a resolution approved by Seneca County Commissioners rescinding their AEZ. The Commissioners may consider using some of their resolution language along with a final legal opinion from the Mark Mulligan, Assistant County Prosecutor prior to rescinding the Sandusky County Resolution.	Scott Miller, Russ Zimmerman, Kay E Reiter		
	Commissioner Miller drove through Wightmans Grove a few days ago. He shared some photos he had taken of multiple properties and the high water. He stated there is still a lot of standing water. Property owners are looking for support for this issue. According to Commissioner Miller the County Park and Recreation Director Brown also has concerns about the dike holding back the water or the possible failure of the dikes. Commissioner Miller does not know what the answer is and he feels the Whiteman's Grove Conservancy should be working on this issue. Commissioner Reiter suggested we get a drones' view of the area to see what it looks like currently and keep a close eye on the situation. The Commissioners can only help so much.	Scott Miller		
	Commissioner Miller noted he will be limited to his meeting participation during session on Thursday, 7/18/19, due to Board of Revisions being scheduled at the same time as the Commissioners' regular meeting session.	Scott Miller		
	Commissioner Miller mentioned to the commissioners the Sandusky County Townships are currently seeking legal advice connected to the additional funding the Sandusky County Health Department will seek from them if their levy dollars do not cover the Dept's fiscal needs.	Scott Miller

Juvenile Court (8:30am)	<p><b>Judge Smith – Juvenile Court.</b> Judge Smith came in to review his 2018 Annual Court report with the Commissioners. Judge Smith reviewed the document. See attachment A. He talked about how his court compares to the average in the State. His diversion program numbers are higher. He feels this is a good thing. This allows those juveniles who have no record to go through the program and as long as they successfully complete the program charges are dismissed. (97% of these juveniles he does not see back in the system) His fees collected stay pretty steady. Commissioner Reiter asked how it is determined what cases are heard by the Magistrates work. Judge Smith shared that he is required to review and sign-off on each one of these cases and approve the decision made by the Magistrate. Judge Smith shared that he spends half of his time reviewing these cases. Commissioner Reiter asked how the Supreme Court would determine how Sandusky County is doing on a regular basis if they only see an annual report and not a prior year comparison. Judge Smith stated he is required to file monthly and quarterly reports as well which provides them a more regular reporting for statistics. He also has a standard guideline on how long each case should take and they understand 10% of cases may go over these guidelines. The Commissioners also discussed a chart in his report that addresses the county curfew violations by communities. Judge Smith was asked how his currently staffing is – he stated he is at full staff at the courthouse but he does still need staff at the JJC. Commissioner Reiter also commented on the email response sent out by Judge Smith regarding courthouse hours for the 5th of July and communication concerns. Commissioner Reiter talked about the elected officials meetings. She shared with Judge Smith about bringing the qtrly elected officials meetings back and the plan to rotate the meetings in alpha order by dept. It has been suggested that each elected officials take a turn hosting the meeting that could include a department tour at the end of meeting. Judge Smith feels that this would be a good idea and it would help keep the communications flowing among the</p>	Brad Smith- Juvenile/Probate Judge

<b>Dog Kennel (9:30am)</b>	Kelly Askins, Dog Warden, came in with her new deputy to have her sworn in. Francis Wheeler was sworn in by Commissioner Miller and welcomed to the county.	Kelly Asking – Dog Warden		
<b>Facility Management (9:37am)</b>	<b>Ron Hiser – Facility Management.</b> Ron came in to show the commissioners samples of the bricks they will be using for the courthouse ramp. The contractor will be using a combination of what they used for the courthouse renovation. Ron also wanted to talk about the placement of the 2020 masonry monument for the time capsule. Ron's staff is going to build the platform needed for the plaque/stand. Commissioner Miller noted there is a 2020 celebration meeting tonight and they can discuss some of this. Ron will wait until they know the size of the stand and plaque before making decisions on the base.	Ron Hiser – Facility Management Director

<b>OSU Extension (10:30am)</b>	*** Gwen emailed and asked to reschedule her appointment next week.			
<b>Sheriff (11:00am)</b>	*** Sheriff is in Columbus and did not make it back in time for this meeting.			
<b>Visitors Bureau (11:30am)</b>	<b><u>Peggy Courtney – Visitors Bureau.</u></b> Peggy talked about the GOBA event a few weeks ago and noted they had great responses. They were told it was the best stop they had on the trip. They had shuttles to take riders places and they gave direction to many riders as well. They were expecting to generate approximately \$25,000.00 and from the reports turned in they generated about \$36,000.00. This is average for what can be expected from this group. There were 1300 riders with this group. The building committee met with the membership. They talked about what they will do when their lease expires in 2020. They are looking at what their options are. Policy committee is meeting at the end of July. They had advertised the barn trail on the back of a turnpike pamphlet and she had a story about a couple from California that came in just to take this tour. That advertisement is working well. Peggy met with the steering committee for the comprehensive plan last week. They are putting a link on their web page to the questionnaire to help push it out there. <b>* Recess (12:19m)</b>	The commissioner moved to recess until 2:30pm and reenter session for their last meeting.			* Motion: Move to recess Moved by: Russ Zimmerman 2nd: Kay E Reiter Yes – 3
	At 2:30pm Commissioner Miller reopened session.			
<b>Better Building Finance meeting (2:30pm)</b>	The Commissioners asked to meet with Steve Szanto, finance council, and John Larson, bond council to discuss an adjustment to the financing for the "Better Buildings" project. Mr. Szanto discussed the need for the official statement and presented payment possibilities at different interest rates based on 20 and 25 year projections for the Commissioners to consider. Commissioner Reiter asked about the difficulty of preparing an official statement report. Mr. Larson noted due to how recent we had done an official statement report and updating the report should be easier than in 2016 for the Courthouse Bond Project. Both Mr. Szanto and Mr. Larson feel we will have no issues with this financing project with the recent upgrading of the county's financial rating in March with Moody's – it is a rating of AA.2.	Steve Szanto – Managing Director, Sudsina & Assoc. John Larson – Senior Partner, Squire Patton Boggs Katherine Fenix – Paralegal, Squire Patton Boggs

**CLEARANCE RATES:**

The clearance rates are the number of outgoing cases as a percentage of the number of incoming cases. The purpose of clearance rates is to measure whether the Court is keeping up with its incoming caseload. If cases are not disposed of in a timely manner, a backlog of cases awaiting disposition will grow. This measure is a single number that can be compared within the Court for any and all juvenile cases. Courts should aspire to clear (dispose of) at least as many cases as have been filed/reopened/reactivated by having a clearance rate of 100% or higher. The clearance rate is calculated by the sum of the incoming cases (new filings/reopened/ reactivated cases) divided by the sum of outgoing cases (closed cases).

**INCOMING CASES:**

The incoming cases are the total number of cases opened or reactivated in a given month. Reactivated cases are those that were closed and then reopened upon a new filing (for example: a shared parenting agreement was issued and the parties want to modify the agreement a year later, the case would be reactivated). This statistic is compiled and maintained pursuant to the Rules of Superintendence of the Supreme Court.

**OUTGOING CASES:**

The outgoing cases are the total number of cases closed for Supreme Court reporting purposes in a given month. Cases can close for the following reasons: Trial by Judge or Magistrate; Admission to Judge or Magistrate; Dismissal by Party, Judge or Prosecutor; Unavailability of Party for Trial; Certification or Waiver Granted (delinquency cases only); Transfer to Another Judge or Court; and Other Terminations (for example: referrals to mediation). This statistic is compiled and maintained pursuant to the Rules of Superintendence of the Supreme Court.

**ALLOCATION OF JUVENILE/PROBATE FEES:**

The Court continues to work diligently at collecting fines, fees and costs. The data in the chart depicts how the Juvenile Court contributes to the General Fund, through collection. The chart also reflects a combined contribution of Juvenile and Probate monies paid to the State of Ohio. Restitution collection can fluctuate depending upon the types of crimes and the amounts of reported damage by victims, overall the Court has worked diligently to improve its "payout" to victims. With all statistics, the numbers vacillate depending upon various factors, such as: law enforcement making arrests, the prosecutor filing charges, the parties ability to pay, and the economy, to name a few. It is also worth noting, during the last half of 2016 and the first half of 2017 the Court was temporarily relocated off site from the Courthouse, in which there was a noticeable drop in public interaction.

**PERCENTAGE OF OFFENSES:**

As stated, this data references offenses filed, not total cases filed. For example: if a child is charged with three misdemeanor offenses, they may have only one case number/filing but a total of three offenses for reporting purposes.

**YOUTH PLACED ON DIVERSION:**

The Diversion Program is designed for youth that have no prior Court involvement (a first time offender) and are before the Court for a misdemeanor or unruly offense. Youth can be referred to the Diversion Program by the Chief Probation Officer prior to a Court appearance or by the Judge/Magistrate after adjudication pursuant to Juvenile Rule 29(F). Youth placed on Diversion are subject to rules set by the Diversion Contract and can be required to participate in programming deemed appropriate by the Diversion Officer. While on Diversion the youth is subject to random drug screens, curfew checks, school visits, home visits and office visits. If the youth completes the requirements and no new charges are filed, the case against them is dismissed and sealed. If the youth fails to complete the terms of the Diversion contract within 6 months, the case is returned to Court for formal Court involvement.

**TRUANCY CASES FILED:**

Habitual Truant is defined as any compulsory school age child who is absent 30 or more consecutive hours without a legitimate excuse; absent 42 or more hours in one month without a legitimate excuse; absent 72 or more hours in one year without a legitimate excuse. This also includes 'excessive absences' if the child is absent 38 or more hours in one school month with or without a legitimate excuse; or absent 65 or more hours in one school year with or without a legitimate excuse. The purpose of HB 410 was to decriminalize school truancy, require the schools to provide additional intervention to prevent filing charges and when filed the Court is required to use informal interventions like Diversion.

**ADJUDICATIONS BY OFFENSE LEVEL:**

Adjudication is defined as giving or pronouncing a judgment or decree. In Juvenile Court, delinquency offenses are classified as a misdemeanor or felony. Unruly offenses are those that are not considered a "crime" if committed by an adult (for example: curfew and school truancy).

**YOUTH PLACED ON PROBATION:**

Due to cases that carry over from year to year you will notice that the number of terminations do not total the number of youth placed on probation during the calendar year we are reporting on. Youth that are terminated unsuccessfully are done so for a number of reasons, some examples being that they reached the age of majority (18), they were placed at the Ohio Department of Youth Services, or the Court feels that they have reached the maximum benefit. While on Probation, youth are assigned to a Probation Officer who supervises their case. Probation insures that the youth is complying with the rules set by the Court, completing the programming that is required and remaining law abiding. When the youth has completed the requirements of Probation their Probation Officer files a motion with the Court asking for their Probation to be terminated.

**CURFEW CHECKS:**

While on Probation and/or Diversion all youth are subject to random, unannounced curfew checks. Probation Officers conduct curfew checks by geographical area as assigned by the Chief Probation Officer. The County is divided geographically East (Bellevue and Clyde), Central (Fremont), and West (Gibsonburg, Burgoon and Woodville). Probation Officers will conduct curfew checks in pairs, one male and one female. When conducting checks on female probationers, the female Probation Officer will initiate the contact and vice versa when they are conducting a check on a male probationer. At the time of the curfew check, Probation is required to physically see the youth in question. If the youth is not present, a curfew check slip is left at the residence with instructions about what they are required to do when they get home and Probation will follow up with the family the next business day.
