The Board reviewed incoming mail and external meeting notices.	Russ Zimmerman Scott Miller Charles Schwochow		*Motion: Move to Approve minutes Moved by: Scott Miller 2nd: Charles Schwochow Yes – 3
Review of External board / Meetings Attended by Commissioners	Commissioner Zimmerman attended the 911 meeting by teleconference. They talked a lot about the new CAD system going into the Communication Center. There were questions about having a TAC (Technical Advisory Committee) and a Communication Committee. The Committees are supposed to have two different functions but there seems to be quite a bit of overlap in duties. There are Communication Committee members on the TAC. This may just be a case where they need to share information from meetings with each committee.	Russ Zimmerman		
	Commissioner Zimmerman attended the LEPC meeting by teleconference. Most of that meeting was concerning equipment needs for a couple of the fire departments and those were approved. They talked about the Keegan Fire and the issue of not having an incident command station at large incidents such as this. There	Russ Zimmerman		

	was some concern from the State EMA on why there was not an incident command center. There were great ideas and comments made on how to remedy this.			
	Commissioner Zimmerman was on the FCFC committee ZOOM meeting today. They received a grant for wraparound services. Most of the committees have not met and are meeting this next week. There was a nationwide conference this week. Mircea Handru, Mental Health Board Director, is working with schools on mental health issues. The State hospital is full and they are unable to take any more patients. There was a grant from State Farm that will be used for one of the seven pillars of the diversity training, called courageous conversation. Creating Healthy Communities received extra grant funds and they are going to help with the Kiwanis Community Park project. The Imagination Library is growing and they have received help from several organizations. There are 751 children registered to receive books. April 14 th is wear blue for Child Abuse Awareness. They are talking about the Kinship Program expanding to other counties and having local Churches assist with personal needs for these families.	Russ Zimmerman		
	Commissioner Miller is sitting on a committee for the downtown Fremont Amphitheater. They have talked about this being a County improvement. The Rotary is helping to raise funding for the Amphitheater and the Park District out at River Cliff. They are working on these projects together.	Scott Miller		
Commissioners and Administrator Discussion	Proclamation for Prostrate Awareness month was presented for signatures.			
	Caroline Bick from Jim Jordan's office offered to look for grants to cover camera's or lights for blocked railroad crossings. This would help emergency personnel know if a crossing was blocked and allow them to adjust their route. The Sandusky County Fire Association was asked to get information to Commissioner Zimmerman on intersections or crossings that would benefit.	Russ Zimmerman		
	There was a request by a constituent requesting an easement on Castalia Road to run sanitary sewer across County property. The Prosecutors Office is working on the easement.	Theresa Garcia
