Review of External board / Meetings Attended by Commissioners	Commissioners all attended the Township Association meeting last week. Several County Elected Officials attended along with many Township Trustees. Amy Hoffman from Palmer Energy was there to discuss and answer questions regarding electric aggregation. Amy explained the townships can get in or out of the group whenever you want. The CCAO program pricing was discussed and it is lower rates than most of the individual township rates. They talked about setting some basic/general requirements for solar and wind development. Each Township could then add to the basic policy. Some Townships had their own opinion on how they wanted this handled. Lisa Kuelling, EMA Director gave an update on the Solar Eclipse Event. Many Townships had concerns about properties they had issues with and property owners were given notices	Russ Zimmerman Scott Miller		

	regarding concerns and nothing is done to follow-up. The question was what type of follow-up can be done. When discussing zoning some were under the impression they were trying to set county wide zoning. Commissioners noted they are not trying to set county wide zoning but to put together a common zoning for all Townships they can work from to keep things consistent.			
	Commissioners were unable to attend the Mental Health Board meeting.			
	Commissioner Zimmerman attended the OPWC sub-committee meeting last Friday. The group reviewed several project requests for funding. There are two different funding programs available for the projects. Each project is rated on a point schedule for their eligibility. See attachment for agenda items.	Russ Zimmerman		
Commissioners and Administrator Discussion	Woleslagel was in last week to go over helping moving furniture for the renovation of the offices. Ron, Facility management Director and Administrator Garcia walked through and put a plan together.			
	Commissioner Miller asked about the demolition of the Park Street building. He feels we need a date from the contractor even if it is pushed out a ways.	Scott Miller		
	CCAO is offering a benefits + plan. It is running through AFLAC as the administrator. They will be offering several supplemental insurances at a group discount. It will all be a voluntary program offered for 2024.			
* Then /Now Documents	<p>One certificate was presented by the Board of DD. A PO order request wasn't submitted before services were rendered. One invoice makes up this certificate. * Personnel	None			

* Travel Requests	Statements of expense for coroner investigators were signed for September mileage.			
IT	Atul and staff were unable to attend due to some technology issues the county is experiencing this morning.			
Soil & Water	Meagan was not in the office and was unable to attend. Her meeting will be rescheduled.			
Sheriff	Chris Hilton – Sheriff. Sheriff came in for his regular meeting with the Commissioners. The new CAD system is nine days live and so far it is working well. They are working on a few bumps in the system but for the most part it is working well. Sheriff asked about new vehicles. They are being ordered and will be built and come in next year. The marine patrol boat was great this summer. The old boat is going to be stored and sold next spring. Commissioner Miller asked about observing SRT training. Sheriff let him know to call Major to set up a time.	Chris Hilton – Sheriff		
Board of Elections	Sharie Chagnon and Lisa Hartley – Board of Elections. Lisa and Sharie came in for their regular meeting with the Commissioners. They are working on the 2024 budget. They are going to be over budget due to the fact 2024 is a year with a presidential election and will cost more. The November election this year will be huge. Two big issues on all the ballots. In May 2024 will be a primary election that should also be huge. Commissioners understand it will be a busy year. They will be appointing a new board member tonight to replace Peg Rettig.	Sharie Chagnon – Director Lisa Hartley – Deputy Director
